

EXPLANATION NOTE ON THE STATUTES TO BE APPROVED BY THE XXVIII UEF CONGRESS

The text of the statutes, in French and English, are agreed with the Belgian Notary in view of the transfer of UEF from The Netherlands to Belgium, thus becoming a Belgian AISBL.

The text keeps the content of our statutes intact, while adding a few provisions necessary for adaptation to Belgian law, which do not affect the functioning of the organs and the obligations of UEF members.

I also enclose a table with the correspondence between the old and new articles. In the English text the new articles have been marked in green so that the changes are clearer. Since a minimum of one month must elapse between the registration of the cross-border conversion proposal signed by all EB members - which took a long time - and the decision to adapt the Statutes to Belgian law and to change the seat, the decision cannot be registered on the day of the Congress.

The solution found by the notary is for the delegates at the Congress to authorise me to sign the act in the notary's office in December, so that the act can then be registered in the Moniteur Belge.

This is the reason for the specific decision foreseen in our Congress agenda.
