The image shows the cover of the manifesto for the 2019 European Parliament elections. The cover is primarily white with green accents. At the top left, there is a green box containing the European Union flag logo and the text 'Union of European Federalists' in three languages: English, German, and French. Below this, the text 'For a Federal Europe: Sovereign, Democratic and Social' is written in green, followed by 'Manifesto for the 2019 European Parliament elections' in a smaller font. In the bottom left corner, there is a green box with the 'I CHOOSE EUROPE' logo, which features a stylized ballot box icon. FOR A EUROPEAN RENAISSANCE

EMMANUEL MACRON

Citizens of Europe,

If I am taking the liberty of addressing you directly, it is not only in the name of the history that unites us. It is because time is of the essence. In a few weeks' time, the European elections will shape the future of our continent.

**SANDRO GOZI: EUROPEAN CITIZENS SHOULD RALLY
AROUND PRESIDENT MACRON'S NEW INITIATIVE
FOR A EUROPEAN RENAISSANCE**

"European Renaissance! With great courage and vision, today French President Emmanuel Macron is relaunching the Europe we want and for which we are fighting: a sovereign Europe, a Europe of citizens, of democracy and popular participation, which multiplies protection, security and freedom for Europeans"

EUROZONE BUDGET: FIRST STEP, LONG V

"The political agenda of these days is dominated by Brexit, but it is the decisions on the Eurozone that will make the upcoming European Council and Eurosummit a success or failure" states Sandro GOZI, President of the Union of European Federalists. "After years of discussions and long negotiations, there is no reason to further postpone or water-down decisions needed to fix the architecture and policies of the Eurozone. We need to seize this opportunity as long as the current economic upswing lasts".

HARD BREXIT: A POPULIST SELF-MADE DISASTER, BUT EUROPE SHALL GO ON

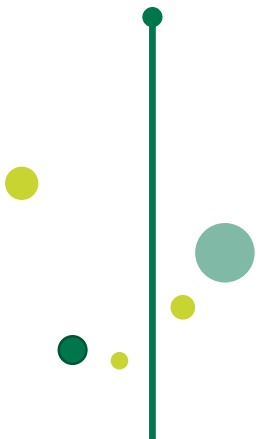

"We respect the vote of the British Parliament yesterday but we regret it. A Hard Brexit is a self-made disaster caused by nationalists and Eurosceptics and their illusions of isolation from Europe. But Europe is strong and will become even stronger if it relaunches its integration to react to Brexit."

Italien ist Europas Sorgenkind. Nirgendwo sonst sind die Zustimmungswerte für die EU so niedrig. Deswegen werben Sandro Gozi und Michael Roth in Berlin für die deutsch-italienische Freundschaft.
