

European Council  
Head of Cabinet

SGS 24 / 004599

Brussels, 24. 10. 2024

Honourable Members,

Thank you for your letter of 30 September.

As mentioned in President Michel's previous letter, in June the European Council set out a roadmap for future work on EU internal reforms, as follows:

*"The European Council takes note of the Commission's Communication on pre-enlargement reforms and policy reviews and invites it to present by spring 2025 in-depth policy reviews containing operational elements on the following four strands:*

- i. *values, including tools and processes to protect the rule of law.*
- ii. *policies, to ensure inter alia the EU's long-term competitiveness, prosperity and leadership on the global stage and to strengthen its strategic sovereignty.*
- iii. *budget, including in the context of the next negotiations on the Multiannual Financial Framework for which the proposal will be presented by 1 July 2025; and*
- iv. *governance.*

*The European Council takes note of the Presidency progress report on the future of Europe. It calls on the Council to take work forward and present a follow-up report by June 2025, reflecting on these four strands.*

*The European Council will review the progress made in June 2025 and provide further guidance as needed."*

Yours faithfully,

Frédéric BERNARD

Domènec Ruiz Devesa  
President of the Union of European Federalists (UEF)  
Sandro Gozi  
Chair of the Spinelli Group
