Belgium

Dear Mr. President,

We hope this message finds you well,

We are writing again to you in view of the next meeting of the European Council of the 17-18 October.

We are grateful for your response we received on 15 July 2024, and we stress the UEF's appreciation for the willingness expressed in the Conclusions of the 27 June meeting to proceed to set out a roadmap for EU internal reform, as well as, in this framework, the reference in the reply sent to me that the Presidency of the European Council intends to submit to the Member States the report of the European Parliament on "Amendments to the Treaties" adopted in 22/11/2023 at the most opportune time.

Precisely because of the importance of this institutional step - the only one that can create the conditions to discuss in an organic and democratic way that reform of the European Union - allows us to reiterate our request that the European Council at the very least takes note at its next meeting of the said report, that has officially triggered the reform procedure set out in article 48 of the Treaty on the European Union and sent to you by the Spanish Council Presidency on the 18th December 2023.

Let us also emphasise the urgency of reviewing the functioning of our EU institutions has also been highlighted in the Mario Draghi's report on the future of competitiveness in Europe.

In thanking you for your attention, stress once again that we are aware that the European Union and its citizens can count on your authority to steer the debate on the much-needed internal reforms in view of enlargement in the most effective and, above all, democratic way, respecting the role and

prerogatives of the European Parliament. The future of Europe is at stake, and each of us must be at the height of this historic moment.

Yours faithfully,

Domènec Ruiz Devesa
