Petition to the EU Parliament

EP's PETI Committee declares UEF petition on treaty reform admissible.

In its letter dated 26 September 2025, the PETI Chair, Bogdan Rzońca, confirms that the petition “falls within the European Union’s fields of activity” and that it has been accepted for further processing. The Committee has also requested that the European Commission carry out a preliminary investigation into the issues raised in the petition.

Moreover, owing to the constitutional character of the matter, PETI has referred the petition to the European Parliament’s Committee on Constitutional Affairs (AFCO) for additional examination.

Rebuilding of UEF Netherlands

JEF NL Support of a creation of a UEF NL co-hosting with JEF Europe

English

On behalf of JEF Netherlands, I am pleased to express our strong support for the establishment of a UEF Netherlands section and our enthusiasm for working together to make this a success. We welcome your initiative to deepen collaboration between our organisations and believe this will strengthen the federalist movement in the Netherlands.

We are confident that with JEF Europe and the support of members of the Spinelli group of Dutch MEPs, this initiative can gain significant momentum and visibility. Together, we can help build a strong foundation for UEF NL, connecting local activism with European-level advocacy and fostering a vibrant pro-European network.

We look forward to co-hosting events and initiatives with JEF Europe and UEF, contributing actively to planning, outreach, and community building, and supporting the growth of this new section.

Thank you for leading this important step. JEF NL is committed to working closely with you to establish a strong and impactful UEF presence in the Netherlands.

Launch of the Organising Committee for UEF's 80th Anniversary

Brussels, 17 September 2025

To: Members of the Federal Committee and National Sections

Dear Colleagues,

As per the Executive Bureau's decision of 15 September 2025, we are pleased to announce the constitution of an Organising Committee for the activities and events marking the 80th anniversary of the foundation of the Union of European Federalists (UEF). The Organising Committee is composed of all members of the Executive Bureau plus a number of other members of the UEF.

Members of the Federal Committee who wish to contribute are warmly invited to join the Organising Committee. In addition, Presidents of the national sections are invited to propose individuals - either with direct knowledge of UEF's origins and development or with recognised academic expertise on the history of European federalism - who could support the Committee's work.

Among the flagship activities - such as a dedicated logo -, we will produce an "80th Anniversary Book" collecting contributions from experts and from the Presidents of UEF national sections. Further information on the editorial process, timetable and submission guidelines will be circulated shortly.

Booklet (expanded version)

During 2026, we can create an electronic booklet that brings together the best academic contributions on the subject.

This year in Turin took place an event dedicated in the last 20 years of federalists movements that it is producing several academic contributions.

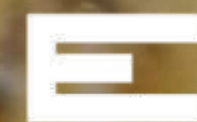

And make it available online in two formats: online articles and a printable PDF version.

Dedicated Page on UEF website

On the UEF website, we can create a section dedicated to the 80th anniversary and its celebration.

On this page, we can bring together all the events dedicated to the 80th anniversary, as well as the documents created for the occasion (light and expanded booklets).
